Parsons Brinckerhoff Quade & Douglas, Inc.
Cambridge Systematics, Inc.
June 2005

CENTRAL INDIANA SUBURBAN TRANSPORTATION & MOBILITY STUDY

BASE CONDITIONS REPORT

TABLE OF CONTENTS

1.0 INTRODUCTION

1.1	Purpose	1-1
1.2	Study Area	1-2
1.3	Study Goals.....	1-3
1.4	Organization of Report.....	1-3
1.5	Potential Strategies to Maximize System Efficiency	1-4
1.6	CISTMS Project Reports.....	1-6

2.0 OVERVIEW OF STUDY AREA

2.1	Regional Demographics	2-1
2.2	Regional Transportation Systems	2-3
2.3	Regional Commuting Patterns	2-5
2.4	Roadway & Travel Characteristics Review.....	2-5
2.5	Functional Classifications.....	2-9

3.0 CORRIDOR OVERVIEW – NORTH CORRIDOR

3.1	Land Use/Developed Areas	3-1
3.2	Demographic Characteristics/Trends	3-1
3.3	Existing Transportation System.....	3-2
3.4	Overview of Parallel Arterials	3-2
3.5	Overview of State and Local Plans	3-2
3.6	SR 32 Traffic Review.....	3-5
3.7	Detailed Route Review – SR 32	3-6
3.8	Strategies to Maximize System Efficiency – SR 32	3-14
3.9	SR 38 Traffic Review	3-21
3.10	Detailed Route Review – SR 38	3-22
3.11	Strategies to Maximize System Efficiency – SR 38	3-29
3.12	Long Term Considerations for SR 32 and SR 38	3-30

TABLE OF CONTENTS CONTINUED

4.0 CORRIDOR OVERVIEW – EAST CORRIDOR

4.1	Land Use/Developed Areas	4-1
4.2	Demographic Characteristics/Trends	4-1
4.3	Existing Transportation System.....	4-1
4.4	Overview of Parallel Arterials	4-3
4.5	Overview of State and Local Plans	4-3
4.6	SR 9 Traffic Review	4-4
4.7	Detailed Route Review – SR 9	4-5
4.8	Strategies to Maximize System Efficiency – SR 9	4-14
4.9	Long Term Considerations for SR 9	4-17

5.0 CORRIDOR OVERVIEW – SOUTH CORRIDOR

5.1	Land Use/Developed Areas	5-1
5.2	Demographic Characteristics/Trends	5-1
5.3	Existing Transportation System.....	5-3
5.4	Overview of Parallel Arterials	5-3
5.5	Overview of State and Local Plans	5-4
5.6	SR 44 Traffic Review	5-6
5.7	Detailed Route Review – SR 44	5-7
5.8	Strategies to Maximize System Efficiency – SR 44	5-17
5.9	SR 144 Traffic Review	5-20
5.10	Detailed Route Review – SR 144	5-20
5.11	SR 42 Route Review	5-27
5.12	Strategies to Maximize System Efficiency – SR 144 and SR 42	5-31
5.13	Long Term Considerations for SR 44, SR 144 and SR 42	5-32

6.0 CORRIDOR OVERVIEW – WEST CORRIDOR

6.1	Land Use/Developed Areas	6-1
6.2	Demographic Characteristics/Trends	6-1
6.3	Existing Transportation System.....	6-1
6.4	Overview of Parallel Arterials	6-3
6.5	Overview of State and Local Plans	6-3
6.6	SR 267 Traffic Review	6-10
6.7	Detailed Route Review – SR 267	6-12
6.8	Strategies to Maximize System Efficiency – SR 267	6-16
6.9	SR 39 Traffic Review	6-18
6.10	Detailed Route Review – SR 39	6-18
6.11	Strategies to Maximize System Efficiency (SR 39).....	6-29
6.12	Long Term Considerations for SR 39 and SR 267	6-30

LIST OF FIGURES

1-1	Project Study Area	1-2
2-1	County to County Workflows for the 8 Ring Counties, East-West	2-7
2-2	County to County Workflows for the 8 Ring Counties, North-South.....	2-8
2-3	CISTMS Corridors – State Route Functional Class Map.....	2-9
3-1	North Corridor Location Map.....	3-3
3-2	Physical Features - SR 32, Boone County.....	3-7
3-3	Traffic Operations - SR 32, Boone County	3-8
3-4	Physical Features - SR 32, Hamilton County	3-11
3-5	Traffic Operations - SR 32, Hamilton County.....	3-12
3-6	Physical Features- SR 32, Madison County	3-15
3-7	Traffic Operations – SR 32, Madison County	3-16
3-8	Lebanon Urban Area Detail.....	3-18
3-9	Noblesville Urban Area Detail.....	3-20
3-10	Physical Features – SR 38, Hamilton County.....	3-24
3-11	Traffic Operations – SR 38, Hamilton County	3-25
3-12	Physical Features – SR 38, Madison County.....	3-27
3-13	Traffic Operations – SR 38, Madison County	3-28
3-14	Noblesville Thoroughfare Plan	3-32
4-1	East Corridor Location Map	4-2
4-2	Physical Features – SR 9, Madison County	4-6
4-3	Traffic Operations – SR 9, Madison County	4-8
4-4	Physical Features – SR 9, Hancock County	4-10
4-5	Traffic Operations – SR 9, Hancock County.....	4-11
4-6	Physical Features – SR 9, Shelby County	4-13
4-7	Traffic Operations – SR 9, Shelby County.....	4-15
5-1	South Corridor Location Map	5-2
5-2	Proposed East-West Corridor	5-5
5-3	Physical Features – SR 44, Morgan County	5-8
5-4	Traffic Operations – SR 44, Morgan County	5-9
5-5	SR 44 and SR 144 at Franklin	5-11
5-6	Physical Features – SR 44, Johnson County	5-13
5-7	Traffic Operations – SR 44, Johnson County.....	5-14
5-8	Physical Features – SR 44, Shelby County	5-16
5-9	Traffic Operations – SR 44, Shelby County.....	5-18
5-10	Physical Features – SR 144, Morgan County	5-22
5-11	Traffic Operations – SR 144, Morgan County	5-23
5-12	Physical Features – SR 144, Johnson County.....	5-25
5-13	Traffic Operations – SR 144, Johnson County	5-26
5-14	SR 42, Mooresville to Monrovia.....	5-28

LIST OF FIGURES CONTINUED

5-15	Physical Features – SR 42, Morgan County.....	5-29
5-16	Traffic Operations – SR 42, Morgan County	5-30
6-1	West Corridor Location Map	6-2
6-2	Danville Transportation Plan	6-5
6-3	Brownsburg Transportation Plan	6-6
6-4	Ronald Reagan Parkway, Corridor Location Map	6-8
6-5	Ronald Reagan Parkway, Proposed Boone County Extension.....	6-9
6-6	Plainfield Transportation Plan	6-11
6-7	Physical Features – SR 267, Hendricks County	6-14
6-8	Traffic Operations – SR 267, Hendricks County.....	6-15
6-9	Physical Features – SR 39, Boone County	6-20
6-10	Traffic Operations – SR 39, Boone County.....	6-21
6-11	Physical Features – SR 39, Hendricks County	6-23
6-12	Traffic Operations – SR 39, Hendricks County.....	6-24
6-13	Physical Features – SR 39, Morgan County.....	6-27
6-14	Traffic Operations – SR 39, Morgan County	6-28

LIST OF TABLES

2A	County Statistics	2-2
2B	Population.....	2-3
2C	Employment.....	2-3
2D	Selected City/Town Population & Household Statistics	2-4
2E	County-to-County Commuter Flows.....	2-6
3A	Key Operational Features – SR 32, Boone County.....	3-6
3B	Key Operational Features – SR 32, Hamilton County	3-10
3C	Key Operational Features – SR 32, Madison County	3-14
3D	Key Operational Features – SR 38, Hamilton County	3-22
3E	Key Operational Features – SR 38, Madison County	3-26
4A	Key Operational Features – SR 9, Madison County	4-7
4B	Key Operational Features – SR 9, Hancock County.....	4-9
4C	Key Operational Features – SR 9, Shelby County.....	4-12
5A	Key Operational Features – SR 44, Morgan County	5-7
5B	Key Operational Features – SR 44, Johnson County	5-12
5C	Key Operational Features – SR 44, Shelby County.....	5-15
5D	Key Operational Features – SR 144, Morgan County	5-21
5E	Key Operational Features – SR 144, Johnson County	5-24
5F	Key Operational Features – SR 42, Morgan County	5-27
6A	Key Operational Features – SR 267, Hendricks County.....	6-13
6B	Key Operational Features – SR 39, Boone County.....	6-19
6C	Key Operational Features – SR 39, Hendricks County.....	6-22
6D	Key Operational Features – SR 39, Morgan County	6-26
